Thank you to the districts showcasing their incredible programs—
you highlight the impact of public education every day!

Student Showcase—Featured Districts:

1. **Oelwein—Big Dog's Coffee Shop**
   Big Dog's Coffee Shop will showcase the key components of its successful work-based learning experience.

2. **Norwalk—The Leader in Me Lighthouse School**
   The Leader in Me program showcases how the 7 Habits of Highly Effective People empower students to develop leadership skills and character.

3. **MMCRU—MMCRU Schools and Little Royals Daycare**
   MMCRU Schools will showcase the collaboration that made Little Royals Daycare, a fully functional on-site daycare facility in Marcus, Iowa, possible.

4. **West Delaware—Work Based Learning Programs at WD**
   A showcase of apprenticeship programs and the West Delaware+ program, offering unique opportunities for student participation.

5. **Urbandale—Discover Your Path | Discover U**
   Preparing PreK-12 students for postsecondary success through career-connected learning, blending career exploration and work-based opportunities.

6. **Madrid—A Community Impact: Project-Based Learning in and Beyond the Classroom**
   Showcasing how the 2020 derecho inspired 7th graders' project-based math challenge, leading to opportunities, including a sustainable land management proposal for our district.

7. **Woodbine—iJAG**
   Iowa Jobs for America's Graduates (iJAG) partners with Iowa schools to deliver career development programming.

8. **Waterloo—IT Programming and Cybersecurity**
   The program covers Python programming, databases, web development, and cybersecurity.

9. **Pleasantville—Pleasantville FFA**
   Offering hands-on experiences like a teaching farm, shop, land labs, and a greenhouse for all students.

10. **Maquoketa/Storm Lake—Classroom Clinic**
    Classroom Clinic provides access to children's mental health services through telehealth and related technologies.

11. **Davenport—LETRS Training and Amplify Curriculum**
    Showcasing how LETRS professional learning has enabled DCSD teachers to effectively implement the new Amplify curriculum.

12. **Green Hills AEA—Rising Hope Academy**
    A therapeutic classroom environment for students with significant social emotional behavior health needs.

13. **Linn-Mar—Venture Academics**
    Venture Academics is a project-based learning program where high school students apply coursework to real-world projects, develop 21st-century skills, and connect with local businesses and professionals for mentorship and career exposure.

14. **Cedar Rapids—Early Literacy**
    Early literacy programs are crucial as they lay the foundation for future academic success and lifelong learning.

15. **Alburnett—Alburnett 3DE**
    3DE is an experiential learning instructional model that embeds real world work into the curriculum in partnership with local businesses.

16. **Winterset—WHS Cybersecurity Program**
    Paradigm, a cybersecurity course program, enables students to complete courses and earn Industry Recognized Credentials.

17. **Oskaloosa—#ALLIN for All-Day Pre-K**
    Emphasizing the importance of funding all-day preschool for 4-year-olds, demonstrating its positive impact on early learning, school readiness, and community strength through stories and data.

18. **Marshalltown—TPRA**
    The Para to Teacher Registered Apprenticeship program has enabled current classified employees at MCSD to transition into teaching roles!

19. **Olin—Mini Farm / Farm-to-Table / Agricultural STEM Education**
    Focusing on the chicken husbandry project and related STEM education, while also highlighting future initiatives like prairie restoration and sustainable agriculture projects.

20. **ADM—TechRise**
    The TechRise team from Iowa was selected among fifty nationwide in a FutureEngineers and NASA-supported challenge. They designed, built, and tested an experimental payload, which was launched on a high-altitude balloon to collect data.

21. **Cardinal—4-Day School Week**
    Students will present the benefits that Cardinal has experienced since implementing the four-day school week calendar.
