IASB® Statement Regarding Commitment to Supporting Public Schools & School Boards

March 21, 2025—At the [Iowa Association of School Boards®](https://www.ia-sb.org), our commitment to supporting public schools and school boards remains steadfast. We continue to advocate for the resources and support that school boards need to make informed and effective decisions for Iowa students. As changes and decisions unfold at the state and federal levels, our focus remains on ensuring that school boards have the tools and guidance they need to lead with confidence.

Members can continue to visit our Advocacy in Action webpage at www.ia-sb.org/advocacy-in-action for the latest information on legislation impacting education.

IASB® is a nonprofit membership organization representing Iowa's 325 public school districts, nine area education agencies and 15 community colleges.
